New-Look Cowgirls Looking for Fifth Straight NCAA Championship Appearence

The 21st-ranked Oklahoma State women's golf team, led by sixth-year head coach Greg Robertson, is looking to make it's fifth straight trip to the NCAA Championships, accompanied by a group of newcomers.

During the Fall season, the Cowgirls have claimed a runner-up title at the Dale McNamara Invitational and placed well in stacked fields. This includes a tie for fourth at the Jackson T. Stephens Cup and a fifth place finish at the Charles Schwab Women's Collegiate Challenge in Fort Worth, Texas. The team enters the Spring as the third highest ranked Big 12 school, sitting behind newcomers, No. 8 Arizona and No. 9 Arizona State, respectively.

Grace Kilcrease, the junior-transfer from Tulsa, has had as good a start as you can have. In her first tournament as a Cowgirl, Kilcrease won the Carmel Cup at Pebble Beach with a final round 69. She became the program's 104th individual champion and Robertson's 17th.

Her following act was a program-record of 63 in round two of the Schooner Fall Classic. Kilcrease shot 7-under on the day, the second-best round against par in school history. She earned a top 10 placement in all five of the Fall tournaments, the longest streak of top-10's since Isabella Fierro in the 2020-21 season. Kilcrease finished the Fall as the 13th-ranked golfer in the nation. Kilcrease was ranked as high as No. 2 in the nation and finished the Fall ranked at No. 13.

Returners Ellie Bushnell and Thitaporn Saithip have provided steady leadership through their golf games. The pairing has the second and third lowest stroke average on the team, respectively, only behind Kilcrease. Saithip earned the best finish of her career with a T-4 at the Charles Schwab Women's Collegiate Challenge, while Bushnell tied a career-low with a 67 during the Dale McNamara Invitational.

Three freshmen join the Cowgirls for the 2024-25 campaign and all three played in more than half of the Fall tournaments. Summer Lee has led the freshman, playing in every tournament in the Fall and placing top-20 in three of them. Thailand-native Tarapath Panya has been a spark for the Cowgirls, earning a seventh place finish in her first collegiate tournament at the Dale McNamara Invitational. This is the best finish in a collegiate debut by a Cowgirl since 2018. Rounding out the freshman is Lucy Darr. Darr, a native of Stillwater, has been a steady performer, earning the lowest scoring average vs par out of the three freshmen.

FINAL FALL RANKINGS

The Oklahoma State women's golf team ended the Fall at No. 21 in the last NCAA women's golf rankings of the fall season.

The new rankings system is compiled through Scoreboard by Clippd. The rankings are powered by a points system that considers the difficulty of course, the field depth and numerous other important notes.

The 21st-ranked Cowgirls claimed a runner-up title at the Dale McNamara Invitational and placed well in stacked fields. This includes a tie for fourth at the Jackson T. Stephens Cup and a recent fifth place finish at the Charles Schwab Women's Collegiate Challenge in Fort Worth, Texas.

The team slots in as the third highest ranked Big 12 school, behind newcomers, No. 8 Arizona and No. 9 Arizona State.

Grace Kilcrease moved to the No. 13 spot after winning the Carmel Cup and breaking the school record for low round with a 63 at the Schooner Fall Classic. In addition, the junior transfer from Tulsa has placed top 10 in all five tournaments, the first Cowgirl to secure five straight top-10's since Isabella Fierro in the 2020-21 season.

To add to her already impressive fall resume, Kilcrease was put on the ANNIKA Award Watch List. The ANNIKA Award is given to the top Division I women's golfer. The watch list consists of 25 of the best golfers from the Fall season.

Thitaporn Saithip sits at No. 82 in Division I, helped by a fourth-place finish at the Charles Schwab Collegiate and a fifth-place showing at the Dale McNamara Invitational.

A third Cowgirl, sophomore Ellie Bushnell ranks jsut outside the top-100 at No. 102. She tied a career-low with a second-round 67 at the Dale McNamara Invitational.

GREG ROBERTSON

Head Coach • Sixth Season • Oklahoma State, 1997

Former Cowboy golfer and four-time Mid-American Conference Coach of the Year Greg Robertson is in his sixth season as the head coach of the Cowgirl golf program.

Robertson's resume speaks for itself. In his 12-year tenure as a head coach, Robertson's teams have won 38 tournaments and eight conference titles, including two Big 12 Conference championships. He's coached nine WGCA All-Americans, three straight Big 12 Player of the Year award winners in 2021, 2022 and 2023, six MAC conference golfers of the year and seven conference tournament medalists. He also coached Kent State to the NCAA Championships in each of his last three seasons with the program, where they advanced to match play twice.

He wasted little time in getting the OSU program pointed in the right direction. In his first year in Stillwater, Robertson helped Isabella Fierro blossom into an All-American. Just a freshman in 2019-20, Fierro posted the second lowest single-season stroke average in school history and won the Betsy Rawls Longhorn Invitational in record-breaking fashion.

As for the rest of the team, Robertson helped three Cowgirls earn WGCA All-American Scholar honors and five OSU players notch a spot on the Academic All-Big 12 team. Three Cowgirls have won an individual event title in Robertson's short time at OSU, and the Cowgirls were victorious in their first team event under Robertson - the Trinity Forest Invitational.

Following the canceled 2019-2020 campaign, the Cowgirls have reached the NCAA Championships in each eligible season under Robertson. Oklahoma State posted a runner-up finish – matching its program-best – in the 2020-21 season, placed 19th in 2021-22 and came in at 11th last season.

Robertson has led the Cowgirls to a pair of Big 12 Conference championships in his tenure, taking home hardware in 2021 and 2023. He also guided Maddison Hinson-Tolchard to the individual championship last season.

As a Cowboy, Robertson was a teammate of OSU men's golf coach Alan Bratton on the 1995 NCAA Championship squad and a letterman on the 1996 Big Eight championship team.

Kent State entered the 2019 NCAA Championships ranked No. 5 in the GolfStat national rankings after taking home their first regional title, sweeping the NCAA East Lansing Regional with a 4-under 860. Four of the five All-MAC First Team selections went to Kent State golfers in 2019.

Robertson helped the Kent State program peak at the right time – the postseason. The Golden Flashes advanced to the NCAA Championships in each of his last three seasons, with match play appearances at Rich Harvest Farms in 2017 and Karsten Creek in 2018. In fact, Kent State earned program-best fifth-place finishes in 2017 and 2018.

Under Robertson, the Golden Flashes set the school record for wins in a season three times, lowered the team scoring average to a program-best 288.15 in 2019 and posted the lowest individual and team scores in MAC history.

His resume in the classroom is just as impressive. Robertson has coached 12 WGCA All-American Scholars and 14 Academic All-MAC selections, and his squads have earned multiple NCAA Public Recognition Awards.

Robertson joined the Golden Flashes from Purdue where he was the associate head coach for 11 seasons, working with both the men's and women's programs. He was honored with the Jan Strickland Assistant Coach of the Year Award in 2005, which is given to the best assistant coach in the country.

Purdue advanced to the NCAA Championships during each year of his tenure on staff. The Boilermakers captured the 2010 national title and Maria Hernandez was the NCAA individual champion in 2009. Overall, the Purdue women's golf team had five top-5 NCAA finishes, one NCAA Regional title, and five Big Ten titles with Robertson on staff.

Purdue also boasted 16 All-American selections, seven Big Ten medalists, six Big Ten Player of the Year recipients, and 40 All-Big Ten selections during that time. The Boilermakers were one of just two programs to earn a top-10 finish at each of the NCAA Championships from 2006-13.

In his time with both Kent State and Purdue, Robertson has consistently led student-athletes to the top level of professional golf. Seven players under Robertson have earned their LPGA card, with Jennifer Ha becoming the first player in Kent State history to earn her card in 2017. In addition, former Purdue players Adam Schenk and Tyler Duncan

Meet The Coaches

earned their PGA card, while Shiv Kapur competed on the European Tour. In fact, Duncan won the PGA Tour's 2019 RSM Classic.

Robertson also has extensive experience as a caddy. He carried the bag for his sister, JoJo, at the 1998 U.S. Women's Open, where she tied for 59th as an amateur, and was also on the bag for Karoline Stormo at the 2019 U.S. Women's Open.

His work as a caddie has been instrumental in the success of former Boilermaker star Maria Hernandez, having worked with her on several occasions. Robertson caddied for Hernandez during the final stage of LPGA Q-School in 2009 (t-5th), as well as the U.S. Women's Open in both 2009 (t-34th) and 2010 (t-41st), the 2010 LPGA Tour Championship (t-68th) and the 2014 LPGA Marathon Classic (t-69th). Most recently, Hernandez made the cut in the 2015 LPGA Canadian Pacific Women's Open with Robertson at her side.

Robertson also caddied for Kent State standout Jennifer Ha at the Canadian Pacific Women's Open in 2014 prior to her senior season where Ha finished tied for 64th as an amateur in the LPGA event. He beat three Top 20 players in the world.

He has also walked with former Oklahoma State teammate Chris Tidland in two events on the Web.com Tour and caddied for former Purdue standout Laura Gonzalez Escallon at the final stage of LPGA Q-school in 2013.

Robertson began his coaching career in 2001 as a volunteer assistant coach at Oklahoma State and helped his alma mater finish 16th at the NCAA Championships. OSU won four conference titles and the 1995 national title during his four years as a member of the Cowboys' golf program from 1993-97.

Robertson, who redshirted his freshman year, graduated from Oklahoma State with a degree in sports science in 1997. He finished his collegiate career at the University of New Mexico and helped the Lobos win the 1998 NCAA West Regional.

Following his collegiate career, Robertson competed professionally for three seasons. In 2000, he played on the Canadian Tour and competed at the PGA Tour's Nissan Open (now called the Genesis Open).He also won the New Mexico State Amateur Championship in 1995.

Greg and his wife Ashlee have two sons, Michael and Tyler.

Assistant Coach • Sixth Season • Kent State, 2009

Maddi Swaney, the 2016 WGCA Assistant Coach of the Year, is in her fifth season as the assistant coach of the Cowgirl golf program.

Swaney spent eight seasons as the assistant coach at Kent State, including the last six under Greg Robertson, where she was a part of three NCAA Championship appearances, eight NCAA Regional bids, 30 tournament victories and 27 individual medalists.

In all, she has recruited and coached five All-Americans, eight conference golfers of the year, four freshmen of the year, 26 first team all-conference honorees and 25 conference all-tournament team members. She has also coached 11 different players to 29 individual titles in her career.

In her first season at OSU, Swaney helped Isabella Fierro blossom into an All-American. Just a freshman in 2019-20, Fierro posted the second lowest single-season stroke average in school history and won the Betsy Rawls Longhorn Invitational in record-breaking fashion.

The accolades hardly stopped there. Swaney saw three Cowgirls earn WGCA All-American Scholar honors and five OSU players notch a spot on the Academic All-Big 12 team. Three Cowgirls have won an individual event title in Swaney's short time at OSU, and the Cowgirls were victorious in their first team event under Swaney and Robertson - the Trinity Forest Invitational.

In all, Swaney has helped lead OSU to 11 tournament wins, two Big 12 Championships and the program's first ever appearance in the NCAA Championship match play finals.

Swaney was instrumental in Kent State's recent success. The Golden Flashes entered the 2019 NCAA Championships ranked No. 5 in the GolfStat national rankings after taking home their first regional title, sweeping the NCAA East Lansing Regional with a 4-under 860. Four of the five All-MAC First Team selections went to Kent State golfers in 2019.

She helped Kent State advance to the NCAA Championships in each of his last three seasons, with match play appearances at Rich Harvest Farms in 2017 and Karsten Creek in 2018. In fact, Kent State earned program-best fifth-place finishes in 2017 and 2018. They also set the school record for wins in a season three times, lowered the team scoring average to a program-best 288.15 in 2019 and posted the lowest individual and team scores in MAC history.

Just as impressive in the classroom, Swaney coached 13 WGCA All-American Scholars and 18 Academic All-MAC selections, and her Kent State squads earned multiple NCAA Public Recognition Awards. The team's GPA of 3.71 in the fall of 2016 was the highest in program history.

Respected across the industry, Swaney served on the Women's Golf Coaches Association Board of Directors as the Assistant Coach Representative from 2017-19.

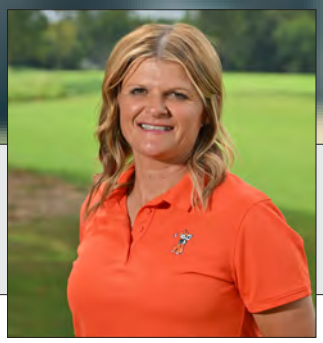
In the classroom, Swaney was a three-time All-America Scholar as selected by the NGCA and was also a three-time Academic All-MAC selection.A native of Marietta, Ohio, Swaney graduated from Kent State magna cum laude with a bachelor's degree in marketing and received her M.A. in Sport and Recreation Management in December of 2016. She graduated from the NCAA Women Coaches Academy in December 2013. She has also received her TPI (Titleist Performance Institute) Level One Certification in March, 2017.



ANNIE YOUNG

Assistant Coach • First Season • Oklahoma State, 2005

Annie Young, a four-year letterwinner at Oklahoma State from 2001-05 and head coach of Cowgirl Golf from 2008-2011, returns to Stillwater for the 2024-25 season after spending the past six seasons as head coach of Tulsa women's golf.

Young was named the 2024 American Athletic Conference Coach of the Year after taking Tulsa to its second consecutive NCAA Championship appearance. She also won the award in 2021 when the Golden Hurricane captured their first ever AAC Championship.

Young's teams won nine tournament titles in her tenure. Two of them came during the 2022-23 season when she led the program to its first NCAA Championship berth in 15 years and earned a spot on the WGCA National Coach of the Year Watch List.

Young has been an outstanding leader within the collegiate golf community, as well. During the 2023-24 season she served as Division I Director on the Women's Golf Coaches Association (WGCA) Board of Directors.

A native of Highland, Utah, Young arrived in Tulsa after a season at Cal State Northridge in 2011-12 and six more at Colorado State from 2012-18. In 2017-18, Young led the Rams to the school's best conference finish since 2010 with a third-place performance at the Mountain West Championship. In Fort Collins, Young's players notched 15 Academic All-Mountain West honors and five WGCA Academic All-American Scholar accolades.

Young's coaching journey began in Stillwater as she served as the fifth head coach of Oklahoma State women's golf from 2008-11.

In her three seasons at the helm, Young led the Cowgirls to a pair of top-10 finishes at the NCAA Championships and the 2009 Big 12 Conference title. She coached OSU's first NCAA women's individual champion in 2010 when Caroline Hedwall took home the top honors and garnered 2010 GolfStat Cup Player of the Year and NGCA Player of the Year accolades. Five players earned All-America honors under Young's tutelage.

Three of Young's OSU golfers – Hedwall, Pernilla Lindberg and Caroline Masson – went on to play on the LPGA Tour and have combined for more than $10 million in career earnings. Hedwall and Masson have represented Team Europe nine times collectively in the prestigious Solheim Cup, while Lindberg made worldwide headlines after winning the 2018 ANA Inspiration, a major championship, for her first professional win. Masson and Lindberg have also graced the Olympic stage, with Masson representing Germany at the 2016 Rio De Janeiro and 2020 Tokyo Summer Games, while Lindberg represented Sweden in Rio.

Young is one of the most-decorated golfers in Cowgirl history. As a senior in 2005, she earned first-team All-America honors and was the Big 12 Conference Player of the Year. She captured medalist honors in leading OSU to the team title at the Big 12 Women's Golf Championship and helped the Cowgirls to an eighth-place finish at the NCAA Championships.

Young's career also included a 2004 Big 12 individual title, and she was a three-time All-Big 12 performer from 2003-05. In 2004, she helped OSU to a second-place finish at the NCAA Championships, which marked the best finish in Cowgirl Golf history.

As an amateur, Young competed in the U.S. Women's Open in 2003 and led the United States to a win in the 2004 Curtis Cup. She won the 2002 U.S. Women's Amateur Public Links Championship in Sunriver, Oregon. The win also qualified her for the 102nd U.S. Women's Amateur. As a professional, Young competed on the LPGA Tour, Duramed Futures Tour and the Cactus Tours, where she owns five career victories.

She and her husband, Caleb, have one son: Cameron.

Caroline Hedwall put together the most decorated individual season in program history in 2010, filled with awards and titles unmatched by any other Cowgirl.

Hedwall entered the 2009-10 season with plenty of momentum following an outstanding freshman campaign, in which she earned both First Team All-American and Big 12 Player of the Year honors. It was clear from the opening tournament of the season, however, that Hedwall's game had jumped to another level as a sophmore.

The Cowgirls opened the fall season at the Golfweek Conference Challenge, where Hedwall torched the field with a score of 207 and captured her first individual title of the year. She remained consistent through the end of the fall schedule, finishing within the top-20 in each of the team's final three tournaments.

Hedwall then had an all-time great run through the Cowgirls' spring schedule. She began with back-to-back victories behind a 209 at the Lady Puerto Rico Classic and 136 at the Arizona Wildcat Invitational. She continued to play at an elite level through the end of the regular season, never finishing worse than 4th-place in any of her eight tournaments played.

After coming up just short her freshman year, Hedwall brought home the Big 12 Championship with rounds of 70-67-73-210. Afterwards, she performed well once again at the NCAA Central Regional, leading the team to an appearance at the NCAA Championships.

There, Hedwall cemented her legacy as one of the best to ever play collegiate golf, defeating the field by four strokes and winning the program's first and only individual National Championship.

Following the season, Hedwall was named NGCA National Player of the Year, and repeated as Big 12 Player of the Year and First Team All-American. She is the only Cowgirl ever to be named National POTY.

In total, Hedwall won five tournaments throughout the year, just one shy of tying the program record. Eleven of her 35 rounds were in the 60's, and her scoring average of 71.14 ranks third in program history.

Val Skinner

1st Team All-American

North Platte, Neb.
Joined the LPGA in 1983

Val Skinner became the first Cowgirl in school history to garner First-Team All-American honors when she did so in 1980, before putting together an even better year in 1982 to cap off her career. To go along with her First-Team All-American honors that year, she was also named the Big Eight's Female Athlete of the Year and GOLF Magazine's Collegiate Player of the Year. Skinner won six tournaments in 1982, including four in a row throughout the spring, as well as the Big Eight individual title. Those six tournament wins in 1982 still stand as the most tournament wins in a single season in program history. Skinner then finished 6th at the AIAW Championships and 7th at the inaugural NCAA Championships to close out one of the best individual seasons ever by a Cowgirl. Skinner was later named a Class of 1999 OSU Hall of Honor inductee.

Caroline Hedwall

1st Team All-American

Loddekopinge, Sweden
Joined the LPGA in 2011

Despite playing for just two seasons before playing professionally, Caroline Hedwall etched her name all throughout the program record books. Hedwall got her collegiate career off to a fast start in 2009, winning her debut at the Duramed Fall Preview. She would go on to record four more top-10 finishes on her way to earning First-Team All-American honors, Big 12 Player of the Year and Big 12 Newcomer of the Year. Hedwall's sophomore campaign in 2010, however, would go on to be the most decorated season in Cowgirl history. She won five tournament titles in 2010, just one behind the program record of six wins in a single season. Throughout the spring of 2010, Hedwall made eight starts and never finished worse than 4th-place in a single one. She won the Big 12 Championship before bringing home the individual crown at the NCAA Championships, the program's first and only winner. 2005

The Edith Cummings Munson Golf Award is annually presented at the NGCA Banquet at the NCAA Division I Championship. The award goes to the student-athlete who is both an NGCA All-American Scholar and an NGCA All-American. If more than one student-athlete qualifies, the student-athlete with the highest grade point average receives the award. A donation of $5,000 is given from the Curtis and Edith Cummings Munson Foundation to the general scholarship fund of the recipient's insitution.

Stephanie Martin was the Edith Cummings Munson Award recipient in 1992, the first Cowgirl to be rewarded for her performance, both on the field and in the classroom.

Emma Zackrisson was the 2002 recipient of the award. In 2005, Karin Sjödin was the award winner.

Dinah Shore Trophy

Karin Sjödin
2005

The Dinah Shore Trophy Award, a part of the Dinah Shore Scholarship Fund, is a cooperative effort between the LPGA Foundation, the Friends of Golf (FOG), and the Nabisco Dinah Shore, one of the LPGA's four major championships and the largest contributor to the Dinah Shore Scholarship Fund. A donation of $10,000 is given to the women's golf program of the recipient's institution.

The LPGA Foundation introduced the Dinah Shore Scholarship Fund in March 1994 in honor of the late Dinah Shore, and together with FOG and the Nabisco Dinah Shore, developed the Dinah Shore Trophy Award and its criteria. A selection committee of the LPGA Foundation chooses the Dinah Shore Trophy Award recipient from nominations submitted by the National Golf Coaches Association.

Nominees for the award must meet the following criteria: an overall grade point average (GPA) of at least 3.2 on a 4.0 scale; played in at least 50% of her team's scheduled events; maintained a scoring average of 78 or less; and demonstrated leadership skills and/or extraordinary community affairs work.

The perpetual Dinah Shore Trophy is a crystal trophy, created by Tiffany & Co. with an engraving of Dinah Shore. The trophy is housed at Mission Hills Country Club, site of the annual Nabisco Dinah Shore.

Oklahoma State has won 25 conference titles, including 11 Big 12 championships - more than any other league foe.

The Cowgirls won their first Big Eight Championship in 1977 in the league's second-annual event. Since that spring in Norman, OSU has dominated both the Big Eight and Big 12 Conference in women's golf. Oklahoma State won six-consecutive Big Eight titles from 1984-89, and won the last three championships in the old Big Eight from 1994-96.

Once the Big 12 was formed, it took two seasons before the Cowgirls were once again the top team in the league. OSU won its first Big 12 title in 1999, and rattled off three-straight wins from 2001-03. The Cowgirls won their latest title in 2023, sweeping the team and individual titles for the seventh time in program history.

INDIVIDUAL CONFERENCE TITLES

Easily the most dominant women's golf program in the Big Eight, Oklahoma State was responsible for 16 individual conference champions and 22 individual medalists from 1977-96 - by far more than any other school in the league. Patty Livingston-Zimmer won OSU's first individual title in 1977. After Livingston-Zimmer, 15 different Cowgirls won those 22 medals. Cowgirl Eva Dahllof is the only three-time winner in league history, winning in 1987-89. An OSU golfer won the individual title at the Big 12 Championships five times in the league's first 10 seasons, including two-time winner Maria Bodén (1999 & 2001), Emma Zackrisson (2002), and Annie Thurman-Young (2004 & 2005). Jaclyn Sweeney won in 2008, and Kenzie Neisen took home the honors in 2015 and 2016. The Cowgirls have brought home the individual title in back-to-back years, with Lianna Bailey netting hardware in 2022 and Maddison Hinson-Tolchard in 2023.

Cowgirls in the Pros

COWGIRLS ON THE LPGA TOUR

More than two dozen Oklahoma State golfers have gone on to careers on the LPGA Tour, and have accounted for ten tour victories.

In fact, four former OSU golfers currently rank inside the top-200 on the LPGA Tour career money list, each with over $2 million in on-course earnings alone.

STILLWATER TO SOLHEIM

The Solheim Cup runs through Stillwater.

With the inaugural Solheim Cup played in 1990 at Lake Nona Golf & Country Club in Orlando, Florida, the tournament carries an elite status, pitting 12 of the top American LPGA golfers against 12 of the best European golfers. This prestigious biennial tournament is named after Karsten and Louise Solheim, the founders of Karsten Manufacturing – better known as PING – and the great-grandparents of Cowgirl golfer Jenna Solheim.

Since teeing off in 1990, Cowgirl Golf has been represented in eight Solheim Cups, including seven of the last nine tournaments.

Beginning with Val Skinner's triumph with Team USA in the 1996 Solheim Cup, four Cowgirls have captured the cup, with Caroline Hedwall doing so four times in her prolific career.

In the 2023 showdown at Finca Cortesin in Andalucia, Spain, alumnae Maja Stark and Hedwall played a key role in Team Europe retaining the cup with a 14-14 tie.

As one of eight rookies in play, Stark shined in the spotlight, posting a 2-1-1 record, highlighted stamped by a Sunday Singles win. For Hedwall, she further cemented her status in singles play. Trailing 3-down with six holes to play, Hedwall rallied back to win 2-up over Ally Ewing to swing momentum in Team Europe's favor.

Ana Inspiration Champion Pernilla Lindberg

INSPIRATION INDEED

Former three-time Cowgirl All-American Pernilla Lindberg made worldwide headlines after winning the 2018 ANA Inspiration in thrilling fashion over world No. 1 Inbee Park in an eight-hole sudden-death playoff.

The victory was the first of her LPGA career, and made her the first Oklahoma State golfer - Cowboy or Cowgirl - to win a major championship.

Lindberg's score of 15-under 273 was the lowest by anyone at the event since 1999, but sent her into a three-way playoff against Park and Jennifer Song. Song bowed out after three playoff holes, and darkness set in after the fourth playoff hole - extending the event into Monday with a worldwide TV audience watching.

On the eighth playoff hole, Lindberg sank a 30-foot birdie putt to win the event and the admiration of the golf community. She is currently ranked No. 285 in the world with over $3 million in career earnings on the course.

"I dreamt of this moment ever since I was a kid," said Lindberg. "I remember writing goals when I was high school to win a major and I thought it was too good of a dream to come true, but it has."

In true Pernilla fashion, one of her first stops after winning the major was back to where it all started - Karsten Creek. She spent a couple of days working with the Cowgirls on the course and hanging out with them off of it, and even helped promote the 2018 NCAA Championships, which were held in Stillwater, Oklahoma.

Making Our Mark on the Globe

CHAMPIONS ARE MADE AT KARSTEN CREEK

Cowgirl golfers have won all over the globe and on the biggest of international stages.

In 2024, Maja Stark represented Sweden at the Paris Olympics and earned a top-10 placement. One month later, Stark competed for Team Europe at the 2024 Solheim Cup.

Pernilla Lindberg and Caroline Masson both represented their home countries at the 2016 Olympics, while JoJo Robertson and Annie Thurman-Young both won Curtis Cup titles for the United States.

Oklahoma State women's golfers have a proud history at the Solheim Cup that dates back to Val Skinner in 1996 and continues through the 2024 showdown.

Campus of Champions

OSU golfers have seen plenty of success at the collegiate level, accounting for 105 team championships and 104 individual victories.

The Cowgirls have carried a prolific track record in postseason play, netting thier 11th Big 12 title and crowning their 27th individual conference champion, Maddison Hinson-Tolchard, last spring.

Entering the spring, the Cowgirls rank as one of 10 programs to have reached the NCAA Championship for each of the last four seasons.

In addition, the Cowgirls have also had a strong presence in amateur championships across the world, with Hinson-Tolchard competiting at the 78th U.S. Women's Open, Arnold Palmer Cup and the World Amateur Team Championship since June.

AMERICA'S BEST COLLEGE COURSE

In the 1970s, Mike Holder envisioned a sanctuary for college golf. After many years of planning and fundraising, the pieces were finally in place to create what is now Karsten Creek. With the talents of a renowned golf course designer, Tom Fazio spawned one of the most challenging golf courses in the country. On May 9th, 1994, the course opened, and was named the "Best New Course" in the country by Golf Digest. The zoysia fairways were cut from a forest of oaks and black jacks, complemented by an undulating terrain that flows throughout the course. The back nine cascades around the 110 acre Lake Louise that is featured on the finishing holes. Complementing the course is the clubhouse, two multi-level guest lodges and state of the art practice and teaching facilities.

Karsten Creek was named to honor the late Karsten Solheim, founder of Karsten Manufacturing (PING), and Lake Louise honors his wife. The Solheim's support of OSU golf over the last 20 years has been instrumental in the success of the golf program. As the home of the Oklahoma State men's and women's golf programs, the course is kept in a challenging condition, allowing team members to maintain their competitive edge.

KARSTEN CREEK PRACTICE FACILITY

In addition to one of the country's finest layouts, Oklahoma State's golf programs boast a championship-caliber practice facility to match.

The Cowgirls have multiple ranges and short game areas at their disposal, giving them the ability to work on all facets of their games and prepare for course conditions of all types.

Additionally, Karsten Creek possesses an indoor facility with multiple bays, allowing for year-round practice sessions. The sport's latest technology is also readily available as the Cowgirls prepare to pursue championships, whether it be at home or across the country.

With one of the top all-around facilities in the country, players are put in prime position to improve their game and prepare themselves to compete with any level of competition, collegiate or professionally.

GREEN PASTURES: KARSTEN CREEK UPGRADES, RENOVATIONS UNDER WAY

As announced as part of the Oklahoma State Athletics Vision Plan in February of 2023 and started on Oct. 1, 2023, Karsten Creek is amidst an innovative renovation to its practice facilities and course.

Course enhancement will include new irrigation, drainage, fairways, cart paths, and greens. Bunkers and tee boxes will be adjusted to increase the difficulty of play and advance the skills of the golfers. The practice facility will also be renovated to improve the tee boxes, landing zones, short game area and practice putting greens.

Originally constructed in 1997, the indoor practice facility will be upgraded to include state-of-the-art equipment.

"A year and a half from now, it won't look anything like it does now, which is really hard to comprehend considering it's a top-35 public golf course in the country," said Greg Robertson, Cowgirl Golf head coach. "When these changes get done, it's really going to be one of the top courses across the board."

Opened in 1994, Karsten Creek Golf Course was quickly named the "Best New Course" in the country by Golf Digest. The undulating fairways and challenging bunkers were originally created by renowned golf course designer Tom Fazio. Complementing the course are the clubhouse, three multi-level guest lodges, and a practice and teaching facility. While the course and related amenities have stood the test of time, renovations are needed to improve the facility's infrastructure, create a more challenging course, and enhance the skills of the student-athlete.

While its practice facilities and course remain closed to the public until further notice, the golf shop and restaurant remain open to the public.

CAMPUS OF CHAMPIONS

Oklahoma State University

A land-grant institution with more than 35,000 students across a five-campus system, we've graduated more than 264,000 students to serve the state of Oklahoma, the nation and the world.

A bold aspiration

Oklahoma State University intends to become the nation's preeminent Land-Grant university

From their founding in the nineteenth century, Land-Grant universities have carried a distinctly American charge captured in the words of the Morrill Act of 1862:

"to promote the liberal and practical education of the industrial classes in the several pursuits and professions in life."

Through teaching, research and Extension, the Land-Grant institutions steward a timeless responsibility: to raise successive generations of servant-leaders; to engage as vital members of their communities; to bring research and new knowledge to bear to prepare students for the world they will enter; and to extend critical knowledge and expertise to meet society's most pressing problems — the "Grand Challenges" facing civilization.

Three Pillars

Instruction
OSU provides the highest quality education in a variety of different majors using the latest teaching methods.

Research
OSU is creating the next generation of scientists, thinkers and scholars through its tradition of research excellence.

Extension

University President Dr. Kayse Shrum

Dr. Kayse Shrum

University President
Fourth Year | OSU College of Osteopathic Medicine

Oklahoma State University President Kayse Shrum is in her fourth year leading the largest university system in Oklahoma.

A collegiate student-athlete herself, Dr. Shrum competed as a softball pitcher at Connors State College before continuing her education at Northeastern State University and the University of Arkansas. She then earned her doctorate of osteopathic medicine from the OSU College of Osteopathic Medicine.

Her husband, Darren, was also a collegiate student-athlete at the University of Central Arkansas, and the two make it a point to attend as many athletic events as possible in order to recognize the hard work and dedication of OSU student-athletes, coaches and staff.

Since taking office in July 2021, Shrum has forged a new chapter for OSU — boldly facing challenges like conference realignment and COVID-19 while positioning the university for future success by embarking on a strategic planning process. The systemwide We Are Land-Grant strategy guides OSU's future and is securing its position as the nation's premier land-grant university — with a focus on creating and discovering solutions to societal problems, providing students with a world-class education and sending them into the world after graduation well-equipped to handle the challenges before them.

Throughout Shrum's tenure, OSU has set multiple enrollment records. During the 2023 school year, OSU saw the highest undergraduate enrollment in school history, the largest first-time freshman class in school history while also becoming Oklahoma's largest university system. OSU has also set enrollment records for non-residents, Honors College, Spears School of Business, Native American, first-generation, online students and new graduate students.

OSU has maintained flat tuition and mandatory fees for three straight years, emphasizing student access, STEM education and workforce readiness. In December 2023, Shrum launched OSU Polytech, which builds on OSU's decades of experience in applied and technical learning to directly address Oklahoma's high-tech workforce needs. Currently, over 3,700 students are enrolled in 60 polytechnic education programs in person and online across the system.

Her influence and forward-thinking approach have been instrumental in launching OSU's transdisciplinary institutes, including the 2022 opening of the OSU Human Performance and Nutrition Research Institute, or HPNRI. The institute harnesses OSU's expertise in human performance and nutrition science, and is coupling it with advanced knowledge from OSU's elite strength and conditioning staff to deliver better health outcomes for all Oklahomans. One key area of HPNRI's focus is on athletic trainers across the state.

Shrum's leadership, professional and civic contributions have led to notable recognition and rewards. Her honors include:

- 2023 Special Olympics Oklahoma Barry Switzer Award of Excellence
- 2022 Oklahoma Women's Hall of Fame induction
- 2022 Oklahoma Osteopathic Association DO of the Decade
- 2020 "*Journal Record*" Health Care Hero

2017-pres.	Oklahoma State Athletics	Deputy Athletic Director from 2017-21 Athletic Director from 2021-present

Chad Weiberg assumed the role of Oklahoma State Vice President and Athletic Director in July of 2021 after having spent the previous four years as OSU's Deputy Athletic Director. In this role, Weiberg serves on President Kayse Shrum's leadership team that helps advance Oklahoma State's land grant mission and President Shrum's strategic initiatives for the institution.

The timing of his promotion to athletic director lined up with seismic shifts in national landscape of college sports. Realignment within the Big 12 Conference and the emergence of Name, Image and Likeness both occurred within a month of Weiberg's start date.

With that as the backdrop, in the modernized world of college athletics, Weiberg's OSU has been a force in competition. A sampling of Oklahoma State's accomplishments during his three years as athletic director:

- Oklahoma State won team national championships in equestrian (2022) and men's cross country (2023) and the women's tennis team won the 2024 ITA indoor national title.
- OSU won 15 Big 12 team conference championships across its 18 varsity sports.
- Oklahoma State finished in the top 25 of the Learfield Directors' Cup standings each year.
- Oklahoma State won the all-sports Phillips 66 Bedlam Series over in-state rival Oklahoma twice and tied the Bedlam Series once.
- The Cowboy Football team beat No. 5 Notre Dame in the 2021 Fiesta Bowl, had a winning record over Oklahoma and twice appeared in the Big 12 Championship Game.
- Oklahoma State produced 140 All-Americans, the highest three-year total in school history.

OSU's broad-based success reflects how the department has evolved in ways that produce a meaningful advantage. Some of key initiatives developed within OSU Athletics under Weiberg:

- The creation of a name, image and likeness department with a dedicated full-time director and assistant director.
- A partnership between OSU Athletics and the Spears School of Business to create the innovative Brand Squad, which pairs the best and brightest students in OSU's famed Spears

Athletic Director Chad Weiberg

As athletic director, Chad Weiberg hired head coaches Jacie Hoyt (women's basketball), Steve Lutz (men's basketball) and David Taylor (wrestling).

School of Business with student-athletes for the purpose of creating a personal brand and managing NIL opportunities, as well as coordinating with supporters establishing new collectives to provide NIL opportunities for OSU student-athletes.

- The creation of the POSSE STAR Fund to provide student-athletes financial rewards for achieving academic success in accordance with the Supreme Court ruling on Alston vs. NCAA.
- The creation of a student-athlete leadership and professional development program with a dedicated full-time director and assistant director to help best position student-athletes for success beyond sports.
- Numerous structural and cosmetic upgrades to Boone Pickens Stadium geared toward improving the fan experience.
- Launching of the OSU Athletics Vision Plan, which is highlighted by a new Human Performance and Innovation Complex and football center, upgrades to Boone Pickens Stadium and entirely new competition facilities for softball and indoor track and field, practice facilities for wrestling and men's and women's basketball and upgrades to Karsten Creek Golf Course, the Pedigo-Hull Equestrian Center and to Gallagher-Iba Arena.
- A partnership with Sport and Story to create OSU's own streaming service, OSU Max.

Weiberg has made three head coach hires, successfully recruiting Jacie Hoyt (women's basketball), Steve Lutz (men's basketball) and David Taylor (wrestling) to Stillwater.

Oklahoma State hosted NCAA Championship events in men's and women's cross country (2022), wrestling (2023) and men's and women's tennis (2024) under Weiberg, providing the Cowboys and Cowgirls with added visibility on the national level.

Also on the national level, Weiberg was on the College Football Playoff Future Format Athletic Directors Focus Group and beginning in September of 2024, joins the NCAA Division I men's basketball committee for a five-year term.

In 2023-24, he served as chair of the Big 12 Athletic Directors.

Prior to his elevation to athletic director, Weiberg served as OSU's Deputy Athletic Director from 2017-21. In that role, Weiberg was the chief operating officer, second-in-command and responsible for the day-to-day operations of the athletics department. He served as Athletic Director Mike Holder's administrative liaison for football and men's basketball and was responsible for football scheduling.

During his time as Deputy AD, he played a significant role in successfully navigating OSU Athletics through the COVID pandemic. Notably, he developed a partnership with the Oklahoma State University Center for Health Sciences that helped produce the planning and resources to keep Cowboy and Cowgirl student-athletes healthy, safe and ready for competition.

Weiberg was a key figure in several important initiatives that benefited student-athletes and fans alike. A little more than one year after Weiberg's arrival, OSU added a director of counseling and sport psychology position within the athletic department to better serve the mental health of student-athletes.

He also played a key part in improving OSU's gameday experience. Highlights include the addition of one of the largest video boards at a college-only football stadium, the addition of alcohol sales at OSU athletic venues and expanded concession offerings.

Weiberg is a 1994 OSU graduate with a degree in business administration. He earned a master's in business administration from OSU in 2002. After earning his undergraduate degree, he served as the director of corporate sales and donor relations for OSU Athletics until 1999. He served as senior director of field operations for the OSU Alumni Association from 1999-2002 before becoming the director of development for the OSU Foundation/College of Business Administration from 2002-03. He held a similar role for OSU Athletics from 2003-04 before moving to Kansas State.

At K-State, Weiberg served the KSU Foundation as Director of Corporate Relations for a year before becoming the Director of Major Gifts for K-State Athletics in 2005. Weiberg assumed the lead role for K-State Athletics' Ahearn Fund in 2009 and, for his team's efforts, was recognized as the National Fundraiser of the Year by the National Association of Athletic Development Directors in 2014. Weiberg was the Senior Associate Athletic Director for Development when he left K-State in 2015 to become Deputy Director of Athletics at Texas Tech University, a role in which he served for two years before returning to his alma mater in 2017.

College athletics have played a key role in Weiberg's life from an early age. His father, Mick, and brother, Brett were both college basketball head coaches and his brother, Jared, played basketball at OSU under Eddie Sutton for a year before moving into the role of team manager. Weiberg's uncle, Kevin, served as commissioner of the Big 12.

Weiberg and his wife, Jodi, have two children, Ella and Grant.

Olympic Medalists

Oklahoma State and the Olympic Games

Oklahoma State has produced 119 Olympians all-time and entering the 2024 Paris Games, 33 earned a medal - 20 gold, five silver and eight bronze.

OSU has been represented at every Olympic Summer Games in which the United States has competed in since 1924.

Oklahoma State has produced at least one medalist in 19 of the last 20 Olympic Summer Games in which the United States has competed since 1932. The lone exception was in 1972, when the Henry Iba-coached Team USA men's basketball team chose to not accept silver medals following a controversial result against the Soviet Union in the gold medal game.

Included among Oklahoma State's Olympic gold medalists are a quartet of two-time winners - wrestlers Yojiro Uetake and John Smith, men's basketball star Bob Kurland and softball pitching ace Michele Smith.

- The Learfield Directors' Cup honors institutions and evaluates success in all sports, men's and women's. The Directors' Cup allows athletic departments to measure the success of each sports program evenly and does not weigh the success in one sport above the success in another.
- Because Oklahoma State does not sponsor women's volleyball and does not get credit for its performance in equestrian, it has only 17 sports eligible for Learfield Directors' Cup scoring, while most others count points from 19 sports. Operating with a two-sport handicap, Oklahoma State has still finished in the top 25 nationally the last four years and has finished in the top three of the Big 12 each of the last six years.

Phillips 66 Bedlam Series

The Bedlam Series is calculated by straight wins and losses in head to head competition. In sports where there is no head to head matchup, the Big 12 Championship final standings are used.

While Oklahoma State and Oklahoma have been in competition for more than 100 years, the all-sports Bedlam Series did not come into existence until the 1999-2000 academic year.

The All-Time Greats

The highest honor the Oklahoma State Athletic Department can bestow upon its former student-athletes, coaches and staff is induction into the OSU Athletics Hall of Honor. Inductees are immortalized with a permanent display on the concourse level of Gallagher-Iba Arena, outside the O-Club room on the arena's west side.

Name, Image and Likeness and POSSE STAR Fund

Oklahoma State is at the very forefront of the Name, Image and Likeness era of college sports and has the accolades to prove it.

OSU was the only Big 12 school recognized as a national finalist for Best Institutional Program at the inaugural NIL Awards at the INFLCR NIL Summit in 2022.

OSU's reputation as an NIL leader was earned not through hype, but through planning and then executing a strategy that placed maximizing NIL opportunities for student-athletes as the top priority.

A sampling of what NIL looks like at Oklahoma State:

Oklahoma State sprinter Tori Ortiz secured an NIL partnership with the WWE, among many others.

▶ OSU Athletics partnered with the renowned Spears School of Business to form the best-in-class Brand Squad – a group of business students who help connect OSU students with NIL partners at no cost to the students.

▶ OSU Athletics appointed Barry Hinson as Associate Athletic Director for Name, Image and Likeness – a new position geared specifically toward identifying and promoting NIL opportunities for its student-athletes.

▶ OSU partnered with industry leader Altius Sports to provide a national perspective and guidance to OSU's NIL programming.

▶ OSU partnered with the Brandr Group, One Team and Fanatics to create group licensing opportunities for its student-athletes, such as selling jerseys and other merchandise co-branded with official OSU marks and the student-athletes' name, image and likeness.

▶ OSU was an early adopter in helping student-athletes with their individual brand-building efforts through the use of professional-quality photos and videos.

▶ OSU provides ongoing rules education to the nonprofit collective Pokes with a Purpose, which pairs OSU student-athletes with local charities in a way that enables the student-athletes to use their name, image and likeness to raise awareness and funds for causes of their choosing.

▶ OSU Athletics has a standing NIL committee that meets weekly to identify, discuss and pursue NIL opportunities and partnerships that benefit its student-athletes.

Assistant Director

▶ While it is not directly tied to NIL, OSU launched the POSSE Star Fund to provide student-athletes with additional education-related benefits including direct financial support in the form of academic achievement awards, up to the legally established maximum of $5,980 per year. In order to receive the full allotment, student-athletes must go through financial planning and education provided through a partnership between OSU Athletics and Simmons Bank.

The OSU NIL marketplace makes it easier than ever for fans and potential name, image and likeness partners to browse and connect with OSU student-athletes by visiting okstate.com/marketplace

Student-Athlete Leadership and Professional Development

Every athletic department has a goal of winning championships, which is something we know a thing or two about here at Oklahoma State. A quick glance to the rafters in Gallagher-Iba Arena illustrates that.

But in addition to banners, developing the next generation of leaders away from the field is a priority for OSU Athletic Director Chad Weiberg, and he made that clear with a key hire just weeks after taking the reins as athletic director in 2021.

Jawauna Harding re-joined the OSU Athletics family to head up our Student-Athlete Leadership and Professional Development office, which is charged with building initiatives and programming focused on the OSU ideal graduate competencies of professional preparedness, ethical leadership, engaged citizenship, and personal responsibility. Additionally, she oversees impact initiatives for OSU Athletics.

Her goal is to enhance the student-athlete experience and prepare them for life after OSU. Through one-on-one meetings, guest speakers, experiential learning and special events, each student-athlete gains access to professional development tools and job search support.

"OSU student-athletes possess valuable skills sought after by employers," Harding explains. "They excel in teamwork, adaptability, and time management. They've been immersed in organizational leadership systems their entire careers. Companies should see the value in providing internships and jobs that help our athletes transition these skills into professional careers."

To achieve this, Harding added two additional positions. Assistant Athletic Director Tia Harring, who previously oversaw marketing and fan engagement, now focuses on student-athlete leadership development and established GoPokes Connect, a mentorship program pairing student-athletes with alumni-athletes.

Career Coach Lerin Lynch, formerly of the Alumni Association, helps student-athletes build their professional toolbox. This includes résumé development, career coaching, and essential professional skills.

"Investing in the holistic well-being of our student-athletes is paramount," Harding said. "Hiring Tia and Lerin strengthened our ability to better support student-athletes in their professional and leadership development."

While the department empowers student-athletes through the Student-Athlete Advisory Committee (SAAC) and community engagement projects, Harding seeks to expand employment options for them.

"Student-athletes have unique skills and unique schedules," Harding said. "Our next step is to find new, innovative ways to provide experiential learning for all our student-athletes."

Mental Health and Wellness

Oklahoma State student-athletes have access to Dr. Trevor Richardson, who leads a four-person team of trained mental health professionals dedicated to serving the needs of OSU student-athletes. Most schools have just one - if any - mental health professionals on full-time staff.

The team's approach to mental health is built through relationships and providing ongoing support.

"Around here, we like the old proverb of if you give a person a fish, you'll feed them once. If you teach them to fish, you'll feed them for a lifetime." Richardson said. "That's kind of how we approach mental health – we want to equip our people with knowledge and strategies they can use long into the future."

For Richardson, a two-time Oklahoma State graduate who joined the athletic department after more than 10 years on campus as part of OSU Counseling Services, being a mental health resource for OSU student-athletes is not just his profession, it's personal.

There is a misconception that seeking help in the area of mental health is a sign of weakness. Richardson said that is not the case.

"It's a sign of strength to ask for help in mental health because it shows you are secure in yourself," Richardson said. "This is about courage. People who take part in this process show courage and sometimes they view it as a sign of weakness because of what they've been conditioned to think. When you run from something that needs to be addressed, sooner or later it catches up with you. To sit down and take that big, scary, unpleasant thing on and talk with someone about it, that takes real courage."

Honoring Academic Success

The Oklahoma State Scholar-Athlete of the Year Award acknowledges the remarkable character and performance of one male and one female student-athlete. As the highest honor presented among OSU student-athletes, this award reflects exemplary performance in academic endeavors, athletic activities, and a commitment to community engagement. The award recognizes exceptional character of the student-athlete and a remarkable dedication to academic performance.

The award was initially presented in 1994 as the OSU Student-Athlete of the Year, but the title changed to OSU Scholar-Athlete of the Year in 2015.

Maddison Hinson-Tolchard (golf) and Alex Maier (cross country/track and field) were honored as OSU's 2024 Scholar-Athletes of the Year.

We Will *Always* Remember

On January 27, 2001, 10 members of the Oklahoma State Cowboy Basketball family passed away after a plane crash on the way home from a game at Colorado. To this day, the legacy of those Cowboys is honored. Each year, 10 OSU students are selected as Remember the 10 scholarship recipients and the charitable Remember the 10 Run generates significant donations to University Counseling Services.

A Night to Shine

Oklahoma State student-athletes walk the orange carpet at the Cowboy Choice Awards, which has become a highly-anticipated event on the annual calendar, in part because of the awards themselves and in part because it is an opportunity for student-athletes from all sports to come together off the field for a fun and enjoyable evening.

In the Heart of it All

Oklahoma State University serves nearly 25,000 students at its Stillwater campus, with 26% of the student body coming from out of state. Students from all 50 states and over 100 countries call Stillwater home.

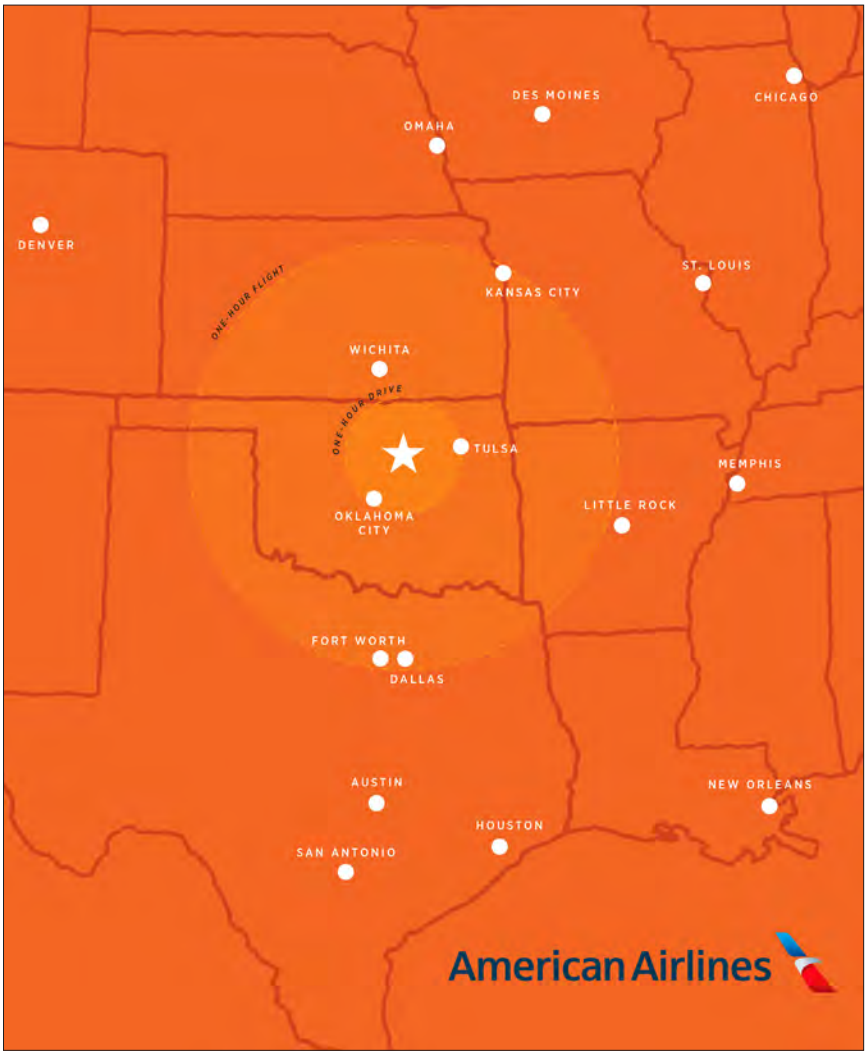
Stillwater is centrally located between Oklahoma City and Tulsa, just an hour's drive away from the two largest metro areas in the state of Oklahoma.

Stillwater Regional Airport provides daily nonstop American Airlines flights to and from Dallas/Fort Worth International Airport. A single one-hour connecting flight to DFW is all that separates OSU from traveling to New York, Los Angeles, London, Tokyo, Sydney and more of the world's greatest destinations.

Additional direct service to and from Stillwater may also be coming.

Stillwater Regional's 7,400-foot main runway can easily accommodate aircraft such as the Boeing 737 and Airbus A320, simplifying team travel for OSU and any opponents making the trip to Cowboy Country.

Further improvements to Stillwater Regional's facilities include a proposed expansion to the airport's terminal that would triple its current size.



Noting Stillwater

The population of Stillwater is about 50,000 and with Oklahoma State University as its heart, it comes as no surprise that approximately 50 percent of Stillwater residents age 25 years or older have a bachelor's degree.

Average Climate
Spring: 46-72 degrees
Summer: 69-91 degrees
Fall: 48-73 degrees
Winter: 26-50 degrees

Incredible Fan Support

Oklahoma State has a passionate fanbase that appreciates success across all sports and as a result, OSU enjoys an overwhelming advantage when playing at home.

America's Greatest Homecoming

OSU's very first Homecoming was held as part of the Harvest Carnival in the fall of 1913, but it wasn't until seven years later that the OSU Alumni Association hosted its first official Homecoming celebration. On October 30, 1920, 90 Oklahoma A&M alumni returned to Stillwater for festivities including the Aggie football game plus a dance and a dinner hosted by Alumni Association President Monroe Otey.

Of the 90 alumni in attendance, 50 were from the Stillwater area and 40 were from out of state. It was also in the '20s the now-famous tradition of house decorations began when sororities started to decorate their doorways.

In 1930, the first ever Homecoming Parade, a mile long, made its way down Main Street. More than 17,000 alumni returned to Oklahoma A&M that year to renew old friendships and show their pride in the Orange and Black.

In 1942 and 1944, Homecoming was combined with Dads' and Mothers' days and sponsored by the YMCA, YWCA, Dads' and Mothers' Day Association and the Alumni Association. The combination was a result of World War II and impending gas rationing to occur. Even with the gas rationing and cutbacks on parade floats, decorations and visiting bands, the football game and reunion functions were still well attended.

Following the war in 1946, there was a record attendance of 20,000 alumni and the largest parade was held including more than 50 floats, six bands and other community entries. Over time, the size of the house decorations overtook those of parade floats. In 1966, vehicles were abandoned and onlookers tried a new experiment - they simply "walked around" to view the decorations. Three years later, house decorations began being judged and scored.

New events like the Sign Competition, Football Frenzy and Chili Cook-Off were added in recent decades. Since that time, the event has grown and today is recognized as "America's Greatest Homecoming Celebration," drawing more than 80,000 alumni back to campus each year.

CASE International (Council for Advancement and Support of Education) has recognized OSU's Homecoming as a Seal of Excellence recipient. This is the highest award given by CASE in the field of Alumni Relations. This prestigious award is given only to programs that serve as models for others. OSU was recognized for the widespread participation and outstanding organization of its Homecoming program.

Most recently, the Homecoming celebration has launched onto the world wide web with photo albums, video highlights and live streams of Walkaround and the Sea of Orange Parade.

In 2010, the OSU Alumni Association began fundraising for the $3 million Homecoming and Student Programs Endowment as part of the $1 billion Branding Success campaign. OSU is one of the only schools left in the nation with an event like Walkaround, and once fully funded, the endowment will ensure future generations of Cowboys will be able to experience "America's Greatest Homecoming Celebration" as we know it today.

OSU's Homecoming is presented by the OSU Alumni Association and is planned by the student-driven Homecoming Executive, Steering and Big committees. OSU's Homecoming is a longstanding, exciting and colorful tradition for both campus and community.

The Cowboys

Dating back to the 1890s, Oklahoma A&M sports teams had been referred to as Agriculturists or Aggies, the Farmers, and officially but unpopularly, the Tigers. But by 1924, Charles Saulsberry, sports editor of the *Oklahoma City Times*, and other writers who regularly covered college events, had begun to refer to Stillwater's teams as the A&M Cowboys. Reporters' constant search of colorful synonyms started sprinkling Cowpokes, Pokes, Waddies, Cowpunchers and Punchers in conversation. "Cowboys" had a Southwestern flavor and flair that fit like a favorite pair of boots.

The Athletic Council authorized athletics director Edward C. Gallagher to have 2,000 balloons printed, "Oklahoma Aggies—Ride 'Em Cowboy" for sale at football games in 1926.

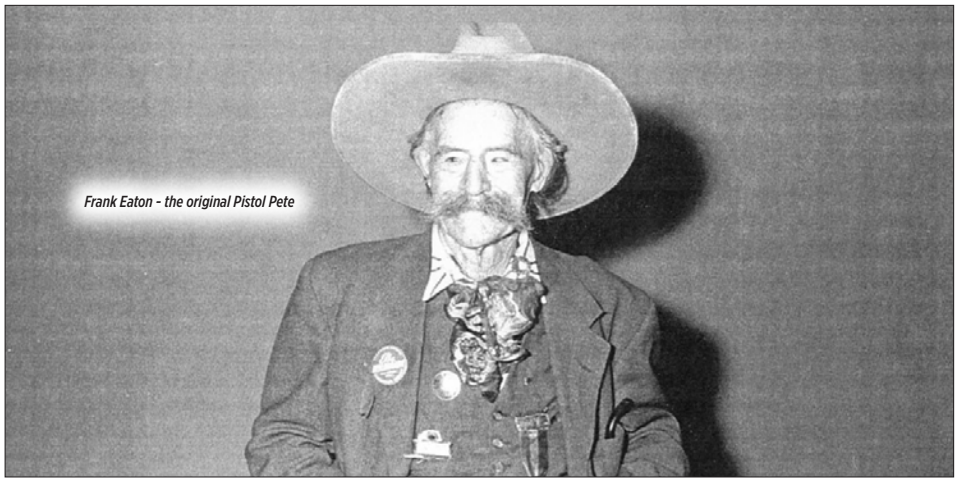
Pistol Pete

(excerpt from text written by Lance Millis)

Around 1923, when Oklahoma A&M College was searching for a new mascot to replace its tiger (copied along with the school's orange and black colors, from university founders who hailed from Princeton), a group of students saw Frank Eaton leading the Armistice Day Parade. He was approached to see if he would be interested in being the model for the new mascot, and he agreed. A likeness was drawn and began to be used on sweatshirts, stickers, etc., and a tradition was born.

That caricature was the basis for what is used today as the official Oklahoma State University mascot. For 35 years, the crusty old cowboy was a living symbol of OSU, representing the colorful past of the area. As such, he would attend OSU athletic events, building dedications, etc., and sign autographs, pose for photographs and reminisce about the Old West with anyone who would listen.

To this day, his likeness is a visible reminder of the Old West to literally millions of people yearly as a symbol of colleges whose mascots pay homage to the cowboy. Each year, OSU students tryout for Pistol Pete. A panel of former "Petes" judge the tryouts and select the two best candidates based on an interview, a mime, and posing as mascot in different "game situations." The two who are selected split the approximately 500 appearances annually. These appearances include all athletic events, pep rallies, business openings, weddings, birthday parties, and public school events.



Frank Eaton - the original Pistol Pete

Frank Eaton - Before Pistol Pete

"My boy, may an old man's curse rest upon you, if you do not try to avenge your father...You must never stop until they are all accounted for!" These words, according to one of Eaton's many stories, were spoken by a family friend following the brutal murder of his father, and guided the formative years of Frank's life.

Born in 1860, in Hartford, Connecticut, Frank moved with his family to Kansas shortly after the close of the Civil War. When Frank was eight years old, his father, a former Union soldier, was shot and killed by a group of lawless former Confederates. Frank was a witness to the murder and each of the murderers' faces was imprinted in his memory.

After being challenged to avenge his father's death by Mose Beaman, (the family friend), Frank set out to learn how to handle guns. Mose gave him a gun and holster, and taught him how to handle and shoot guns. Frank quickly learned to "shoot a snake's head off with either hand". During the next few years, Frank's days were spent helping his mother with chores and practicing shooting. With each passing year, he became faster and more accurate with his guns.

When Frank was 15, he learned of the location of one of his father's killers. After deciding it was almost time to set out on his mission, Frank wanted to make sure his shooting skills were good enough. He decided to visit Fort Gibson, a cavalry fort, to try to learn more about handling a gun. There he competed with the cavalry's best marksmen, beating them each time. After many competitions, the fort's commanding officer, Colonel Copinger gave Frank a marksmanship badge and a new name. From that day forward, Frank would be known as Pistol Pete.

Bullet is a regular part of the Cowboy football game day experience.

Bullet

The Oklahoma State University Cowboys have many symbols of their western heritage, but none is more appropriate than their mascot, Bullet. The Spirit Rider program debuted in 1984 with the first few Spirit Riders providing their own horse to serve as mascot for the OSU Cowboys.

However, in 1988, Stars Parr Money was donated to the OSU Athletic Department to be used specifically as the mascot. Since that time, Bullet has delighted crowds with his traditional sprint across the football field following every Cowboy touchdown. The heart of the Cowboy Spirit Rider Program, Bullet is not only seen at Boone Pickens Stadium and other OSU football games, he's made appearances at local elementary schools, parades, rodeos and other special events, including the opening ceremonies of the Oklahoma State Special Olympics.

The tradition of the Spirit Rider can be attributed to the late Eddy Finley, who wanted to promote school spirit the "cowboy way," on horseback. Since that time, additional support has come for the Spirit Rider and Bullet, much of it due to Finley's hard work. A horse trailer, custom-tooled saddle and uniform dress for the Spirit Rider and ground crew have been donated to OSU. In honor of the Spirit Rider and its tradition, Jim Hamilton sculpted the Spirit Rider bronze statue that sits just south of the Greenwood Tennis Center.

The Waving Song

Victor Herbert was inadvertently responsible for a deeply entrenched facet of A&M athletic tradition, the waving song. His lyricist was speech instructor H.G. Seldy Seldombridge. In 1908, Seldombridge had gone to Columbia University to scout for a senior class play. While there, he heard In Old New York, the hit song from the operetta The Red Mill. Even New Yorkers were humming the song on city streets, and Seldombridge returned to Oklahoma humming it, too.

Shortly thereafter, he incorporated In Old New York into the closing number of a college follies show being rehearsed in Stillwater's Grand Opera House. But as he studied the stage decorated in orange and black for a campus scene, he realized that New York's praises were out of place for a southwestern college setting.

"Suddenly OAMC flashed to my mind," he explained in 1941. He asked the 30-voice choir to take a break, grabbed a piece of wrapping paper, hummed, and scribbled. In less than ten minutes he had the alternate lyrics that would enliven sports events long after opening night.

For that finale, a letterman representing each sport joined the chorus onstage. The students added their own memorable touch. They swayed and sang "OAMC! OAMC! We'll sing your praise tonight," as they waved to the audience in unison.

It almost raised the roof off the old building, noted Seldombridge, who left the campus in 1910. Exhilarated, the crowd surged to its feet and returned the rhythmic wave. It took two encores before the campus and community gathering was willing to relinquish the emotion of the moment.

"From that night on, you could frequently hear someone whistling the tune," he recalled, touched that OAMC's waving song was remembered as late as 1941.

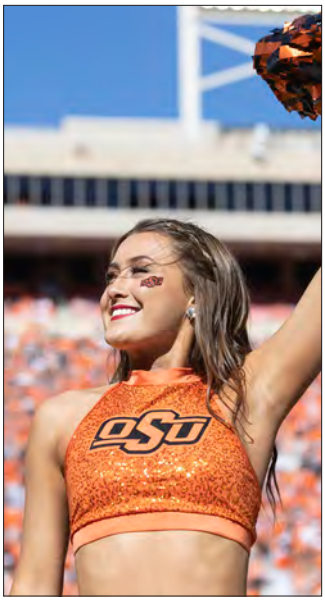
The Waving Song tradition continues to this day with OSU fans rising to their feet and waving one arm in rhythm with the song after scores in football and following victories in other sports. Contrary to popular misconception, this tradition should not be referred to as "Waving the Wheat," which is the name of the two-armed wave adopted by University of Kansas fans.

The Waving Song Lyrics

Oklahoma State! Oklahoma State!
We'll sing your praise tonight;
To let you know where e're we go,
For the Orange and Black we'll fight
We'll sing your worth o'er all the Earth
And shout: Ki Yi! Ki Ye!
In books of fame we'll write your name,
Oklahoma State!

"Ride 'Em Cowboys" Lyrics

Ride, ride, ride, ride,
Ride'em Cowboys,
Right down the field!
Fight! Fight! Fight! Fight!
Fight'em Cowboys, and never yield.!
Ride, ride, ride, ride,
Ride on, Cowboys, to victory;
Cross (opponent)s goal;
Then we'll sing 'O-kla-homa State!'



OSU Alma Mater Hymn

Across several different sports, following victories, OSU teams gather in front of the student section to sing the alma mater. All fans, students and non-students are encouraged to remain in the stands after OSU victories and join the Cowboys for the Alma Mater hymn.

OSU Athletics Vision Plan

Looking into the Future

Oklahoma State is strengthening its position within the national landscape of college athletics with the unveiling of the athletics facilities vision plan announced by Athletic Director Chad Weiberg.

The plan focuses on providing for the success of the student-athletes, improving the fan experience, and bolstering the University's ability to attract student-athletes across all programs through the creation of a unified and connected athletic village unrivaled in college sports.

Included in the plan are a new football operations center, a new wrestling training facility, a new softball stadium, an indoor track, a new training center for basketball, upgrades to the Pedigo-Hull Equestrian Center and to Karsten Creek Golf Course and repurposed areas in the west end zone of Boone Pickens Stadium and Gallagher-Iba Arena for student-athlete services that include a new academics center and spaces for mental health, leadership and career development.

The athletics vision plan comes at an estimated cost of approximately $325 million. The implementation and order of construction will be determined as funding becomes available for each individual element.

"This is a time of conference realignment and unprecedented transformation in college athletics," Weiberg said. "With a history that includes 52 NCAA titles, for us to continue to achieve championship results, now is not the time to pause or rest on past accomplishments, but to honor those accomplishments by pushing forward and building upon what has been started. This vision plan provides a road map for the next phase of an athletics village that will be unrivaled in collegiate sports."

The plan is in its conceptual stages.

OSU Athletics Vision Plan

Human Performance Innovation Complex and Football Center

In December of 2022, Oklahoma State University announced its new Human Performance and Nutrition Research Institute with the goal of impacting every community in Oklahoma.

Due to available space and to maximize efficiencies, the institute headquarters will share a roof with the new operations home of Cowboy Football and will be located immediately adjacent to the existing practice fields and the Sherman E. Smith Training Center.

Sharing the same footprint will maximize efficiencies of key elements of the Human Performance And Nutrition Research Institute and Cowboy Football.

Vacated space in the west end zone of Boone Pickens Stadium creates tremendous benefits for student-athletes in every sport and accommodates an athletic department that has grown in recent years to include new areas dedicated to student-athlete success, mental and physical wellness, leadership and professional development.

While the institute itself is funded by the university, the Cowboy Football program will have its own space within the building paid for by athletics funds and private donations.

The 2009 upgrades to Boone Pickens Stadium played a significant role in OSU's rise to college football prominence. It also launched a larger mindset – one that Cowboy Football is truly capable of ascending to the highest level of the sport. This new facility provides an opportunity for OSU to reaffirm its commitment to being a national force moving forward.

Student-Athlete Success Center

The program areas currently occupied by OSU Football in the west end zone of Boone Pickens Stadium will be renovated following completion of Human Performance Innovation and Football Center. This includes both student-athlete and coaches/staff areas in the stadium which are currently located on the arena and lower club Levels.

The existing Student-Athlete Dining and Training Table would be expanded and renovated. Premium areas, including both club areas and seating and additional suites would be added, offering new seating types and amenities. Existing student-athlete support programs such as academic services, student athlete development and mental health could be relocated from Gallagher-Iba Arena to the stadium. Sports medicine, along with strength and conditioning could also be expanded and located in the west end zone, offering a central training and recovery space for all student-athletes.

In addition, offices and work areas for OSU Athletics creative teams, encompassing operations, graphic design, creative content and communications would be relocated to Boone Pickens Stadium.

Boone Pickens Stadium

Between 2003 and 2009, Lewis Field expanded and was officially rededicated as Boone Pickens Stadium on September 5, 2009. The expansion included adding nearly 4,000 club seats and 123 suites and connected the north and south by creating a continuous seating bowl in the west end zone. Over time the original seating on the north and south sides stadium bowl has required annual maintenance, resulting in increased repair costs, necessitating the replacement of the existing seating treads and risers. This need allowed OSU Athletics to plan the modernization and improvement of the fan experience in Boone Pickens Stadium.

Following the 2022 football season, work began on a two-year stadium project, beginning on the north side. That scope of work begins at the 200 level with the addition of a cross aisle to the existing seating treads and risers at the 300 level, expanding tread depths and new entrances. The project includes replacing benches, adding stadium seats in some sections, additional aisles, and adding handrails for safety. New intermediate aisles will be located between the existing entrances, reducing the amount of seating between aisles.

Following the 2023 football season, the south will be replaced in a similar fashion. The project includes new entrances at the lower 200 levels, replacing benches, adding stadium seats, additional aisles and adding handrails.

This renovation will keep the overall vision of Boone Pickens Stadium intact, marrying the north, west and south seating sections, and maintaining the existing 100, 200 and 300 level seating bowl levels.

OSU Athletics Vision Plan

Softball Stadium

The plan includes a new softball facility partially located on the former site of Allie P. Reynolds Stadium. The new home of Cowgirl Softball will provide modern amenities suitable for a premier collegiate softball program and will include championship caliber player-development areas. In addition, typical chairback seating, tailgating corrals, and family friendly areas to enhance the fan experience are planned.

Following the demolition of Allie P. Reynolds Stadium, the project will also create opportunities for additional parking for on-campus residents.

Indoor Track and Field

The men's and women's track and field programs support over 100 student-athletes. These athletes require year-round training and competition space. The vision plan proposes an indoor track and field facility south of the existing outdoor track and field complex. The proposed site is bordered by McElroy Road to the north, the Sherman E. Smith Training Center to the south, the Michael and Anne Greenwood Tennis Center to the west, and North Knoblock Street to the east.

This parcel of land is ideally sized for a full indoor track program. It will include a 200 meter banked track, indoor field event space, spectator seating, athletic training rooms, team meeting/theater spaces, locker rooms, player lounges, and offices for coaching staff.

In addition to strengthening training and development for the track and field programs, this new facility will act as a dynamic new recruiting tool for an already nationally prominent program.

Wrestling Practice Facility

Cowboy Wrestling is the most successful program in the history of the NCAA, regardless of sport. Entering the 2022-23 academic year, Oklahoma State wrestling had won 34 team national championships, 143 individual NCAA championships and had 475 All-Americans. The plan proposes an addition to the existing facility, which would support the ongoing success of OSU Wrestling.

While the program recently received an upgrade to its locker room, additional space is needed to sustain the success of the program.

This addition will increase the size of the wrestling room, allowing for additional mat space and championship-level team amenities. While the team will always compete inside the famous Gallagher-Iba Arena, the training facility will feature a dedicated space for spectators that will enhance recruiting and donor visits. This training facility will also house office and meeting spaces for the coaching staff.

OSU Athletics Vision Plan

Basketball Practice Facility

OSU's basketball programs have a rich history of success. Since the Cowboys' first game in 1908, OSU has won two national championships and appeared in six Final Fours. In the Big 12, only Kansas exceeds those totals. With 17 postseason appearances and three conference championships, the Cowgirls are continuing to build on an already-established tradition.

While having the benefit of utilizing the game court and backdrop of Gallagher-Iba Arena for practice can be an advantage for both programs, at times they are displaced during other athletic and campus events. A new practice facility is essential in helping both basketball programs continue to recruit, develop and train student-athletes to compete for championships.

The vision plan proposes an addition on the south side of the arena featuring two practice courts and other championship-caliber training spaces.

Pedigo-Hull Equestrian Center

Building off the historic 2021-22 season in which the program captured its eighth Big 12 Conference title and its first overall NCEA national championship, several updates to Pedigo-Hull Equestrian Center are planned.

Similar in size and scope to the Atherton Family Arena, an additional covered arena will be added to the Pedigo-Hull Equestrian Center.

Currently the primary practice arena, the Atherton Family Arena is a 135x270 square foot covered arena. The team also uses the Totusek Indoor Arena, a 100x200 foot climate-controlled facility. The Pedigo-Hull Equestrian Center consists of a saddling barn that includes coaches' offices, locker rooms, a tack room and an athletic training satellite office. It also has a 24-stall horse barn with outdoor runs and several paddocks and pastures. A new multi-purpose team building that includes a team lounge with study area and a fueling station was completed in 2021.

Karsten Creek Golf Course

Opened in 1994, Karsten Creek Golf Course was quickly named the "Best New Course" in the country by Golf Digest. The undulating fairways and challenging bunkers were originally created by renowned golf course designer Tom Fazio. Complementing the course are the clubhouse, three multi-level guest lodges, and a practice and teaching facility. While the course and related amenities have stood the test of time, renovations are needed to improve the facilities infrastructure, create a more challenging course, and enhance the skills of the student-athlete.

Course enhancement will include new irrigation, drainage, fairways, cart paths, and greens. Bunkers and tee boxes will be adjusted to increase the difficulty of play and advance the skills of the golfers. The practice facility will also be renovated to improve the tee boxes, landing zones, short game area and practice putting greens.

Originally constructed in 1997, the indoor practice facility will be upgraded to include state-of-the-art equipment.

Gallagher-Iba Arena Welcome Plaza

Since 1938, Gallagher-Iba Arena has been known as one of the great venues in collegiate athletics. Over time, however, the original east facade of the building has lost its unique prominence as the main gateway of the venue. This project seeks to revive this entrance, creating the welcome that OSU fans and athletes deserve. The plan also proposes adding premium parking and tailgating experiences to enhance the fan experience from the moment they arrive for an event.

The proposed Gallagher-Iba Welcome Plaza parking expansion will create approximately 250 new parking spaces nestled in a park-like setting.

In addition to creating parking, public plaza and walkway, fans will experience an arrival sequence similar to that of Boone Pickens Stadium. With new fan-focused offerings, OSU will have new opportunities to generate revenue.
